

bma Secur24

The bma Secur24 contains the following specifications:

The Secur24 is durable because of:

- A class 4 height-adjustable gas damper
- The reinforced mechanism
- The extra large 71cm diameter base
- 24/7 fabric

Secur24:

- 3 years full warranty
- Robust design
- Stable and secure
- Good seating comfort
- Meets with EN1335
- Available with different 24/7 fabrics
- With multi*- or flip up armrests
- Leasing option available

For hygienic reasons, all 24/7 chairs are fitted with a protective washable headrest cover as standard.

* Adjustable in height, width and depth.

bma Secur24

bma Secur24

Inspired from head to toe

Thanks to its sturdiness and high level of comfort, the Secur24 Basic and Exclusive are the ideal chairs for 24/7 workplaces.

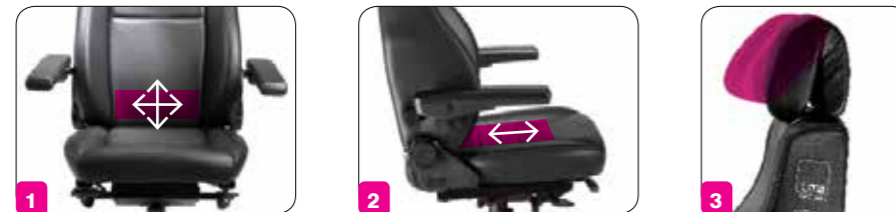

The bma Secur24 is ideal for observation and security workplaces, such as bridges and locks, for gatekeeping personnel, penitentiary institutions and for control rooms

in the oil/chemical and process industries.

The bma Secur24 Basic and Exclusive are both available with multi armrests and flip up armrests. The multi armrests are height, width and depth adjustable. The flip up armrests are adjustable in angle and can be raised at the front to flip it backwards.

The bma Secur24 offers the user a relaxed and comfortable sitting posture, enabling prolonged periods of work to be enjoyable and productive at the same time!

The Secur24 Exclusive offers the following features:

- 1: A height and depth adjustable pelvis support
- 2: An adjustable seat depth of 10 cm (38 - 48 cm)
- 3: A multi adjustable headrest

- Option: covered armrests (fabric or leather)
- Option: ESD implementation

The Secur24 Basic offers the following features:

- 1: A depth adjustable pelvis support
- 2: A multi adjustable headrest

- Option: adjustable seat depth of 10 cm (38 - 48 cm)
- Option: luxurious Exclusive headrest
- Option: covered armrests (fabric or leather)
- Option: ESD implementation

Secur24 Exclusive

Secur24 Basic

The bma Secur24 meets and exceeds all European Standards, including EN1335. We guarantee to take back all BMA products, and that the bma Secur24 contains a minimum of 60% recycled material and is 98% recyclable.
